

## Utility Board May Establish Tax For Recreation Center

### Sponsors Say Project Will Be Self-Supporting If Given Approval

Plans to provide a complete recreation center for the community through a property tax, are being studied by the board of directors of the Truckee Public Utility District, Hal Welch, board president announced this week.

A full explanation of the proposal may be found on another page of the Sierra Sun today.

About a year ago, at the request of a committee headed by Mrs. Karl Kielhofer, the district set aside 81 acres of land just south of Truckee on the Brockway shortcut to be used for recreation purposes. Since that time an architect specializing in this type of project has been employed and a complete survey made of the area with resultant recommendations.

With these findings, the board was faced with the problem of financing the project which Welch said, would cost approximately \$100,000. Currently the board is considering a proposal of imposing at tax of 25 cents per \$100 assessed valuation which, the director announced, would raise about \$20,000 annually.

The project, as planned, would consist of a 9-hole golf course, a baseball diamond, heated swimming pool, tennis courts, park area, a large playground, an artificial lake, landscaping and other features.

"There is little doubt that such a development will be of great value to our community," Welch said, "therefore, the board of directors are asking the taxpayers of the community to express pleasure or displeasure of the plans."

It is believed by the sponsors that the project will become self-supporting and at the same time provide for a need which has long been desired in this area.

## McGlade Explains Needs At Hospital

TAHOE CITY—Jack McGlade, administrator of Tahoe Forest Hospital, was guest speaker at the September 30 dinner meeting of Tahoe City Rotary Club. He told the 32 members and four visiting Rotarians how the increasing population of the area is taxing the facilities of the 21-bed hospital and how the board of directors had tried without success to obtain federal and state aid to increase the size of the hospital to be prepared for the 1960 Winter Olympics at Squaw Valley.

McGlade said live births have increased to an average of 60 a month and at times it has been necessary to make up extra beds in the rooms, especially during the ski season when there are so many broken bones.

A master plan, as approved by the medical staff of the hospital, would add 20 more rooms and a special maternity wing at an estimated cost of \$453,000, but only a portion of the addition could be completed in time for the Winter Olympics if the bond issue is approved, McGlade said.

Warren Porter, one of the board of directors of the hospital, introduced the speaker. Martin Spitsen presided.

## SPEED LIMIT IS SET FOR DONNER AREA

Establishment of a speed limit of 45 miles per hour on a portion of U. S. Highway 40 in Nevada County in the vicinity of Donner Lake was announced by the state department of public works.

The new zone extends from approximately a half mile east of the Donner Lake snowgate to a tenth of a mile west of the entrance to the Donner Memorial State Park.

Reduction of the speed limit from 55 miles per hour was approved by State Highway Engineer G. T. McCoy following and engineering and traffic study by the division of highways. The California Highway Patrol concurred in the change.

The new zoning will become effective with the posting of signs, probably within a week.

## CHARGES DROPPED AGAINST DONNER

SACRAMENTO (CNS)—The state department of alcoholic beverage control reported it has dismissed a charge of using a female bartender, against the on-sale liquor license at the Donner Hotel in Truckee.

The licensee, Kenneth Bass, Byron Miller, John Rau, Jr., and Alice E. Rau, had been charged with the violation last July 15.

## MRS. BORDEN GUEST OF HONOR AT PARTY

Mrs. Frank Borden was the guest of honor at a party given October 2 by Mrs. Evelyn Collier and Mrs. William Barrett, in the latter's home.

Thirty-five friends of Mrs. Borden were invited to share in the evening's entertainment and delicious refreshments.

## Two Lost Hunters Safe; One Missing In Three Alarms

Jimmy Moore, 14-year-old son of Mr. and Mrs. Robert I. Moore of Truckee, wasn't really lost, he told searchers who located him, but he caused real concern Sunday night when he became separated from his hunting companions in the vicinity of Weber Lake.

The local boy wandered up the wrong canyon and was unable to locate his trail back to where his father and others were to meet. When night came on, he cut pine boughs and provided himself a bed where he slept Sunday night.

Monday morning, Deputies Sheriff Emery Lander and Roger Johns joined forest service personnel and others in a search and at 9 a.m. the boy showed up, none the worse for his experience, but certainly a welcome sight for his worried parents and friends.

Man Lost  
George Ludy of Irwin was lost for two nights in the same rugged area last week and Lander, Johns and Leo Zander of the sheriff's department were called in to aid Sierra County officers in the hunt.

When found, Ludy said he had not been lost but had stayed in the woods in hopes of finding a deer.

His companions summoned help when he failed to return to camp. Deputies have issued a warning to all hunters to be especially careful in the mountains where the danger of getting lost is always present. With the weather getting increasingly colder and the possibilities of storms eminent, there is a real danger, they point out.

HUNTER LOST  
Search was continued for Claude Sowell, a Tahoe City painter, who failed to return from a deer hunt Monday. The search extended from Miller Lake to Rubicon but no trace of the missing man's car had been found yesterday. Mrs. Sowell said her husband planned to return home Monday night from a hunt in the Miller Lake area.

to return home Monday night from a hunt in the Miller Lake area.

## ORGAN INSTALLED AT EPISCOPAL CHAPEL

TAHOE CITY—After 22 years in the Episcopal Outdoor Chapel, the Hammond organ that has been heard at so many services during the years, is being replaced with a new console to be used out of doors in the summer and in St. Nicholas Church during the winters.

The Scott family who gave the organ to the church, Allan Bray, their son-in-law and Noel Porter, Jr., who is the mayor of Palo Alto, are combining additional funds and electrical knowledge for the new instrument, sound, cabinet and chimes.

The Hammond left many affectionate thoughts in the minds of its audiences as it stood out of doors through many seasons.

## OFFICERS ARE CHOSEN FOR GIRL SCOUTS HERE

Girl Scout Troops No. 130 and 131 chose the following officers for two months: Dawn Maynard, president; Lynn Quartley, vice president; Lelani Braasch, secretary; Dianne Pankoke, treasurer and Patricia Shane, publicity.

The meeting was held in the Veterans' Memorial Building on Tuesday with Mrs. Robert Leamon, Mrs. Fred Pedley and Mrs. James Walker in charge.

## MRS. HELLER BACK AFTER FUNERAL RITE

Mrs. Charles Heller returned last weekend from San Rafael where she attended Tuesday funeral services for her brother, Gerald R. Lake. Interment followed in Mt. Tamalpais cemetery.

The deceased is well known in this vicinity having made his home at Meeks Bay during the residence of his late parents, Mr. and Mrs. Augustus Lake and Mr. and Mrs. Heller.

Lake was a native of Smith River, Del Norte County and for several years lived in Marin County with a surviving brother, Joseph D. Lake.

The community expresses sympathy for the family.

## KILLED IN CRASH

Ray L. Mortenson, 34, who had been employed at Squaw Valley, was killed when a car he was driving plunged off a curve on the Mt. Rose highway. A passenger, Charles Nixon of Marysville was seriously injured.

BE CAREFUL WITH FIRE!

## Homecoming Will Feature Football Contest Saturday

### Wolverines Drop 1st Game To Winnemucca On Truckee Field

By John Firpo

There was no joy in Truckee last Saturday as the Tahoe Truckee Wolverines were slapped with a 22-0 defeat by the powerful Winnemucca Buckaroos, thus ending a Wolverine winning streak of three games and their chances of an 'A' division crown. The loss put the mountain men with a 3-1 record overall and a 0-1 record in conference play.

Winnemucca hit early in the game, taking advantage of the kickoff and catching the Wolverines on their own one-yard stripe. Two plays later Buzz Trainor was caught in his own end zone for a safety and 2-0 lead for the Buckaroos.

Truckee thus had to kickoff from their 20. Winnemucca took over in their territory and marched to the home team's six yard stripe where Butch Backus carried the ball over for a score. The conversion attempt was good and the Bucks had a 9-0 lead.

Truckee kicked off to open the third frame. The kick landed in the end zone and was brought out to the 20 and Winnemucca was again on the drive. This one went 80 yards in a series of plays with O'Laughlin going over for the second Buckaroo 6-pointer. The extra point try was again good and the visitors led 16-0.

To end the quarter, a pass play from Harland Howard to Jimmy Phillips gave the Buckaroos their last tally. The conversion was blocked by Rex Donaldson and the Bucks led 22-0.

Goose eggs were all either team could collect in the final quarter. Larry Reid and Ray Cantrell played their best games of the season while keeping the Buck offense on their toes.

The next game for Truckee is the annual Homecoming contest with the Douglas Tigers here this Saturday. A dance will follow the game that night. Many alumni are urged to attend to see their school in action. Kickoff time is 2 p.m.

Last Thursday, the J.V. Cubs picked up their third straight win with a smashing 26-0 victory over the Sparks Railroaders. Bill Notley ran for two touchdowns from 30 and 50 yards out and Richard Decker carried for another.

## RELATIVE OF LOCAL WOMAN DIES IN WRECK

Mr. and Mrs. J. E. Kaler returned after attending funeral services in the Sacred Heart Catholic Church at Susanville Tuesday for her nephew, L. B. Wallace, 45, who was killed October 3 when a wheel on his pickup truck came off while he was driving a mile from home.

Wallace, Lassen County distributor for Shell Oil Company, was well known here where he often visited with the Frank Kearney family. Kearney, his uncle, now is living at Rocklin.

Other survivors are his wife, Ruth, daughters, Carol and Susan of Susanville, his mother, Mrs. Anna Ruth Wallace and a brother, Dr. Arthur B. Wallace of Sacramento.

## HIGH SCHOOL PTA TO HOLD MEET TONIGHT

A meeting of the P.T.A. of the Tahoe-Truckee High School will be held tonight at 8 p.m. in the school building.

Mrs. Herbert Gunkel will preside, John Corbin, superintendent of Tahoe-Truckee Unified School District to lead informal discussion on school activities and problems.

All interested persons are urged to attend the sessions which are held each second Thursday in the month.

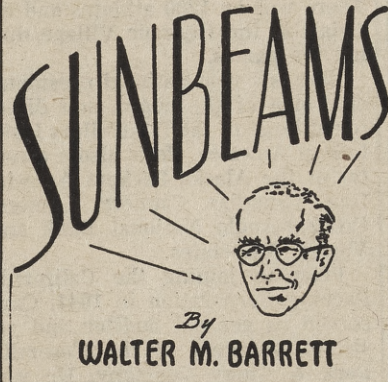

## TWO BABIES ARRIVE AT HOSPITAL HERE

Two babies were born at the Tahoe Forest Hospital last week. Julie Ann Quist, five pounds, 12 ounces arrived for Mr. and Mrs. Richard Quist of Truckee on October 1.

Mr. and Mrs. James Olson, Tahoe City, on September 30 welcomed a son, Jeffrey Alan Olson.

## Sees Changes—

R. L. Taylor of British Columbia stopped here, noting changes which have come about since he was last here in 1905.

At the time Governor Goodwin Knight was literally forced by members of his own political party to abandon his campaign for reelection to the governorship, this newspaper was steadfastly endorsing him for the office he has held with such high distinction. Naturally we are disappointed, as are millions of other Californians, that Governor Knight was sacrificed on the altar of personal political ambitions by his "friends"—friends who now are wondering why he doesn't support them. Just as naturally, we are not going to support those people who forced the unpopular issue. However, knowing full well the governor's capabilities and his unselfish devotion to the people he serves, we are not hesitating to endorse his candidacy for the United States Senate. The Republican governor is being removed from the office he so fondly regarded, but his services in the senate can be equally good for California. We feel that this area particularly owes a big debt to Governor Knight. We have but to look about us to see a few of the benefits which we have enjoyed and which we will continue to enjoy as a direct result of his administration; the Olympic games, the new freeways, the water program, park improvements, conservation projects and scores of other local improvements, are the result of his efforts. Governor Knight would be a good man in the U. S. Senate and has well earned the support of California. We sincerely hope the voters will not let him down.

## SUGAR BOWL SKIER GETS SIGNAL HONOR

Junior Bounous, new head of the ski school at the Sugar Bowl this year, was signally honored this month by "Skiing", the international ski news magazine, by having his picture on the cover.

Bounous was photographed as he soared from a sunlit cornice in Utah's Washatch range. Manager Walter Haug of the Sugar Bowl said he is pleased in being able to secure the services of the internationally known Bounous to head up the popular resort's ski school. Other veteran skiers will be on the staff this year and Haug said every effort will be made to make the school the west's most outstanding.

Just to make it a full month for Bounous, a second widely circulated ski magazine, published in the east, also pictured the expert on its October cover.

## THEFT OF CASH AT STATION REPORTED

Investigation is continuing into the theft of \$30 from the cash register of Ed Hellar's Union Station. A former part-time employee is being sought as a suspect. The cash register was forced open while the attendant was working in a restroom. The former employee, Richard Nichols Neal had left his hotel room when officers arrived to question him. A burglary complaint was filed.

## OVERHEATED BRAKES BLAMED FOR BLAZE

Overheated brakes were blamed for the fire which completely destroyed a station wagon belonging to Virginia Duncan of New York, two miles east of Truckee at 9 a.m. Monday. Mrs. Duncan told Sgt. Frank Snyder of the CHP that she had ordered her brakes adjusted and tightened in Reno shortly before.

The suppression crew of the U. S. Forest Service and members of the Truckee Volunteer Fire Department responded to a call and kept the flames from spreading. Mrs. Duncan and a woman companion removed all luggage from the burning vehicle.

From Modesto—Mr. and Mrs. Edwin Crandall of Modesto visited during the week-end with their parents, Mr. and Mrs. E. Crandall.

Marriage License—Antone Silva, 42 of Truckee and Martha Silva, 39 of Reno were issued a marriage license last week.

## Riverside Hotel Is Sold To Couples From Bay District

### Mrs. Coleman Leaving After Operating Hotel Here For 15 Years

Mrs. Margaret Coleman, for the past 15 years owner and manager of the Riverside Hotel in Truckee, this week announced that she had sold the hostelry to Mr. and Mrs. G. W. Fowler and Mr. and Mrs. Bernard Jensen, all of San Francisco.

The new owners will take possession October 15. Mrs. Coleman said she plans to move to Reno where she will enjoy a well-earned rest. Her granddaughter, Mrs. Thelma Zuber, who has assisted in the hotel management for several years will continue to make her home in Truckee.

The price paid for the three-story, 62-room hotel at Bridge and Commercial streets was not announced.

Mrs. Coleman, who came here to take over the hotel in 1942, has made scores of friends who will regret her leaving but who will wish her good luck in retirement.

## Gateway Sewer To Be Operative Soon

If everything goes according to schedule, residents of the Gateway Park area will be permitted to hookup with the new sewer system there on Thursday, October 16.

Three more steps are required, according to John J. McGlade, the clerk of the Truckee Sanitary District, before the now completed sewer lines can be placed in use. The engineer, Russell Ludwig, requires a letter of completion from the contractors, the Valley Engineers of Fresno; a complete inspection must be made by William Grimm, local engineer, acting for Ludwig and the Tahoe Forest Hospital must give formal approval to the sanitary district to tie into their main line west of Truckee.

A meeting of the hospital and sanitary boards is scheduled for tomorrow to complete formalities, McGlade said. Other legal details are expected to be finished within the week and property owners will be notified that they may make the connections.

The plan of payment by the property owners has not been completely worked out, but it is understood that two choices will be offered. The first will give the property owners an opportunity to make cash payment and the second provides for annual payments over a ten-year period.

Those taking the second choice will not be allowed to make cash settlement after payments on the bonds have started.

It has been estimated that the cost per lot served will be about \$375.

## WILLIAMS WILL HEAD LOCAL TEEN GROUP

Bob Williams was re-elected president of the Truckee Bible Church Teen-agers for the coming year. Other officers in the teenage youth group are Virginia Fudge, vice president; Nancy Watts, secretary; Renee Hall, treasurer; Merrill Englehart, chairman of the planning committee with Allen Young, vice chairman.

All who were able to get "unstuck" from the taffy pull of last Friday are looking forward to a skating party in Reno this coming Friday. The teen-agers will be meeting at the Truckee Bible Church at 6:30 to leave for the skating rink. All young people from the seventh grade through high school are invited to join.

## DAVID DALY FETED AT FAMILY PARTY

Little David Daly, son of Mr. and Mrs. Derold Daly was the incentive for a family party, October 1, on his fourth birthday.

A decorated cake and gifts added to David's enjoyment on the special day.

Bakersfield Visitors—Mr. and Mrs. Leslie Grow and Mrs. Edith Johnson of Truckee and Mr. and Mrs. Wayne Ramey and children of Verdi, returned from a conference held at Bakersfield. Mrs. Grow, Mrs. Johnson and Mrs. Ramey and children also visited friends of Fresno.

## Lodge Festival Is Conducted Here By Local Masons

Donner Chapter No. 39, Royal Arch Masons, hosted for the first time in its history a York Rite festival Friday through Saturday ending at 10 p. m.

At the suggestion of Deputy Grand Lecturer William E. Rowe and Inspector Harry M. Callender last June that Donner Chapter sponsor the festival, the idea took shape and during the weekend history was made in Donner Chapter when nine candidates received the Royal Arch degree; 13 took the degrees of Royal and Select Masters and 12 were knighted in the Knights Templar.

Much credit was given to Nevada Chapter No. 6 of Nevada City; Gateway Council No. 13 of Auburn and Auburn Commandery No. 52, Knights Templar, for the fine support in putting on the various degrees. Many traveled a great distance and much in the way of paraphernalia had to be brought.

Visiting lodge dignitaries besides the two mentioned were Marion E. Pedlar, grand senior warden of Department 3; Charles Poppe, Inspector of Department 3; E. Rutherford, chairman of credentials, all of the grand commandery of California; Clifford Hayes, commander, Auburn Commandery No. 52; Richard Hitchens, P.C. of DeWitt Clinton Commandery No. 1, Reno; John H. Robinson, P.G.M. of the Grand Council, Royal and Select Masters of California; Edmond Sparks, Inspector 36th District, R.A.M. and Louis Enzler, W.M. Eureka Lodge No. 16, F&AM, Auburn.

The women of the Eastern Star served an excellent banquet on Saturday night at which time Most Excellent Companion William Rowe acted as toastmaster.

The Capitular degrees were given under the direction of Rowe, D.G.L. and Harry Callender, Inspector. The council degrees were under the direction of Fred Willford and the commandery orders under the direction of E. C. Clifford Hayes and Callender, Inspector.

It was agreed that Donner Chapter put on a repeat performance next year.

## STUDENTS CHARGED IN MUTILATING COINS

Three students at the Tahoe-Truckee High School have been charged with filing down pennies and using them in coin machines in place of dimes. Deputy Sheriff Robert Schooley who made the investigation, said the boys had used facilities at the school shop for the purpose.

The three, ranging in ages from 12 to 15, were restricted to the school grounds and a report of the mutilated coins forwarded to the treasury department at San Francisco.

The boys told the officers the practice was wide spread.

## SLAYER IS SOUGHT IN LAKE TAHOE AREA

Search continues throughout the Lake Tahoe and Reno area for Roy Victor Olson, 28, Sacramento, who is wanted for questioning in connection with the knife slaying of a Sacramento television announcer. Olson is believed to have fled east and reports were that he had been seen at Lake Tahoe, although no definite trace has been found.

## MAN SENTENCED FOR LOOTING TRUCK HERE

Joseph Raymond Anthony, 59 was sentenced to serve 30 days in the county jail after being found guilty of petty theft before Judge F. W. Wilson on Monday. He was accused of attempting to loot a pickup belonging to Verne Johnson which had been left parked on the main street.

Anthony previously had served a ten day sentence on a drunk charge, Deputy Sheriff Roy Waters said.

## FATHER OF TRUCKEE MAN DIES IN VALLEY

Last rites were held this week for John C. Eckerman, 72, in St. Rose's Church at Sacramento. He was a retired Roseville farmer and real estate man.

Eckerman is survived by his wife and nine children, including Walter Eckerman who recently moved to Truckee from Roseville as an employee of the division of highways.

## Two Killed, 17 Are Injured As Autos Crash In District

### Series Of Mishaps Plague Highways During Past Week

Two men were killed, 17 other persons injured and hospitalized as the result of seven separate automobile accidents in this area during the past week, Sgt. Frank Snyder of the CHP reported.

The dead were: Sanders William, 74, Oakland and Everett Richard Davidson, 28, Kingvale.

Davidson was killed Tuesday morning at 2:45 when the sedan he was driving at a reported high rate of speed got out of control and overturned off the highway. A hitchhiking passenger in the machine, William McClanahan, 28, Centralia, Ill., was hospitalized with serious injuries.

Davidson's body was taken to the Colfax mortuary and McClanahan brought to the Tahoe Forest Hospital.

William died in Washoe Medical Center at Reno shortly after he was fatally injured in a head-on collision near Soda Springs, at 12:30 a.m. Sunday. Patrolman William Gause who investigated, reported a car driven by Coleman Williams, 51, Berkeley, in which Williams was a passenger, was apparently passing two east-bound trucks when he met a third truck going west, driven by Bill Small of Missouri. Small was not hurt.

Also seriously injured in the collision were Marshall Gray, 54, and Levi Collins, 27, both of Berkeley.

### Car Off Road

A short time later at 1:45 a.m. Sunday, a car driven by Clyde Otis Wilson, 37, crashed at Windy Point on Donner grade seriously injuring Wilson and Margaret Gilliam, 30.

Continued on Page 8

## Lindsay's Group To Scan Olympic Site

Assemblyman Francis Lindsay of Loomis, representing the 6th Assembly District in the California Legislature, today announced that as chairman of the conservation, planning and public works committee of the assembly he has arranged for a full committee field trip to view the Winter Olympic facilities now being constructed at Squaw Valley.

"The world-wide spectacle of the Olympic Winter Games to be held in our front yard in 1960 is of tremendous interest to me," Lindsay said, "I am not unaware that many problems are involved in the staging of this magnificent program. The facilities being created for these games must be such that con-

## SCHOLARSHIP FUND FOR GIRL'S MEMORY

The Carol Ann Quilici scholarship fund to be set up as a permanent scholarship to be given each year to a deserving graduate of Tahoe-Truckee High School is being handled by Mrs. Fred Pedley of Truckee.

Anyone contributing to the fund will be sent an acknowledgment card.

Carol Ann, an outstanding scholar and student body leader, was the victim of a tragic automobile accident this summer and the scholarship is being set up in her memory.

## 31ST FIRE REPORTED IN TAHOE FOREST

The thirty-first reportable fire in the Truckee district of the Tahoe National Forest was quickly extinguished Monday four miles east of Truckee along the Southern Pacific tracks.

It was the second fire within a week apparently caused by fuel sparks from locomotives. The other occurred Friday just east of the Flycatchers Club along the right-of-way.

Of the 31 fires reported, only 14 were man-caused, according to Henry Toccalini of the U. S. Forest Service.

Forest service officials warn that the woods and brush are exceedingly dry and urge continued caution with fires.

## NIERI RETIRES AFTER WORK WITH SP HERE

After 37 years as an employee of the Southern Pacific Company at Truckee, Amedeo Nieri retired September 5 from his work on the local maintenance.

Nieri who is a native of S. Cassiano Avico, Lucca, Italy, came here in May, 1921 and was first employed in the railroad roundhouse, no longer in use.

The local man said he had no other plans than to do some traveling, and has just returned from the bay district and may arrange a trip to Italy next summer.

Go South—The Jack Millers address has changed from Truckee to San Diego.

#### PACKING OFFICIAL IS NEW GAMES HEAD

William Herbert Carr, vice president in charge of finance for the California Packing Corporation, has been named chairman of the Olympic Village Committee, Prentiss C. Hale, president of organizing committee for the VIII Olympic Winter Games, announced.

The Olympic Village Committee will be responsible for the housing and feeding of all athletes and team officials who will participate in the Olympic Winter Games at Squaw Valley February 18-28, 1960. There will be 1200 athletes and officials at the Olympic Village during the games.

Carr is a past national president, chairman of the board, and director at large of the Controllers Institute of America. He is also a director of the Alaska Packers Association, Canadian Packers, Limited, Crocker-Anglo National Bank and Varian Associates.

Prior to joining the California Packing Corporation in 1941, Carr served as general auditor and assistant secretary of the Yosemite Park & Curry Company. He was graduated from Stanford University in 1928 and completed graduate studies at the Stanford Graduate School of Business in 1930.

A typical hurricane will cover an area about 200 miles in diameter. However, the diameter may vary from 100 to 500 miles, according to the Navy's "Hurricane Hunters."

M.A. 054559, United States Land Office, Sacramento, California.

August 6, 1958

Notice is hereby given that Charles H. Henrikson and Oliver M. Henrikson, who reside at Tahoe City, California, have made application for mineral patent to the Squaw Valley Gravel and the Squaw Creek Placer Mining Claims, for lands described as follows, to-wit: The Northwest quarter of the Northwest quarter of the Northeast quarter of the Southeast quarter, and the North half of the Northeast quarter of the Northwest quarter of the Southeast quarter, and the Northeast quarter of the Northwest quarter of the Southeast quarter, and the South half of the Northeast quarter of the Southeast quarter, and the South half of the Northwest quarter of the Southeast quarter, and the South half of the Northwest quarter of the Southeast quarter, all in Section 28, Township 16 North, Range 16 East, MD Mer., exclusive of any lands in conflict with the application; namely, Lots 46, 48, 50 and 52, or any part thereof, of Tahoe Truckee Forest as shown in Book B of Maps at Pages 7, 8 and 9, as recorded in the Office of the Recorder, Placer County, California. Location notices are recorded as follows: Squaw Valley Gravel Placer Mining Claim in Mining Records Volume 6 page 50; Squaw Creek Placer Mining Claim in Mining Records Volume 6 Page 489 in the official records of Placer County, California. There are no conflicting or adjoining claims.

Walter E. Beck, Manager

Date of Last Publication, October 9, 1958.

#### HOW TO DRIVE

A tip from the AAA's driving guide for adults.

#### SAVE MONEY ON GASOLINE

The way you drive has a lot to do with how much it costs you to drive. Two people driving the same car over the same route at different times might very well report vastly different fuel economy figures. Sudden, uneven, up-and-down acceleration is the greatest enemy of economy. A smart driver plans ahead so he doesn't use gasoline unnecessarily by building up speed that he has to "kill" a minute later by braking to a stop. To save gasoline, make "smoothness" your watch word. Keep your engine well tuned and running smooth. Drive as smoothly as traffic conditions permit. You'll be rewarded with many extra miles out of every tankful of gas. ©

#### SUPERVISORS GIVE APPROVAL TO CHIEFS

NEVADA CITY—Creation of the posts of chief deputies in all departments of county government has been approved by Nevada County supervisors.

The action was taken by amending the county salary ordinance. It was pointed out that the pay increases under the amendment will not become effective until the next budget period. The chief deputies must be appointed from the ranks of present personnel.

Board members approved pay boosts for heads of some departments. Welfare Director Margery Worth was raised to \$505 per month and Road Commissioner Robert Graham's salary was increased from \$660 to \$710. Noble McCormick, Graham's top aide, was raised from the status of road clerk to assistant road commissioner at \$475 monthly.

W. W. Brunner, heretofore rated as a fiscal expert became county finance officer at a pay increase of \$100 monthly. Brunner, a parttime county officials previously received \$150.

#### BRUCE PROMOTED BY PHONE COMPANY

Robert Bruce, assistant vice president of the Pacific Telephone and Telegraph Co. was promoted to vice president of the concern following a succession of recent promotions in the company.

Bruce whose office is in San

Francisco formerly lived in Reno and frequently visited Truckee as the guest of A. P. Leitch, then local manager.

## NEWS NOTES FROM TAHOE

by MYRTLE CARNELL

### Thrift Shop Thriving

The Thrift Shop in Tahoe City run by the Tahoe Squaws seems to be doing quite a business as well as being good topic of conversation. They seem to have everything from shoes to hats and chairs to bowls. Ski boots are the premium at this time. They go out as fast as they come in. Good luck to you gals in this endeavor and keep up the good work.

### Many Fall Visitors

With the beautiful weather we have been having we have a steady flow of friends visiting the area. Mrs. A. R. Bradley and daughter, Venita, and family of San Carlos are spending a fall vacation at the family home in Tahoe Pines, the Alfred Luhrs of Piedmont are at their Truckee River home near Squaw Valley, and the E. P. Stolls of Oakland visited their Dollar Hill home over the past weekend.

### Summer Resident Passes

The death of R. Stanley Dollar following a heart attack on Septem-

ber 24th in New York came as a shock to many of the Tahoe area residents. Dollar was a friend to all who knew him and was very active in the Lake Tahoe Yacht Club. The surviving family include: Mrs. Diana (Mrs. Joseph Hickingbotham) Esther Dollar, Stanley Jr., daughter and several grandchildren. Dollar was outstanding figure in the growth of the lake area and did much to promote it. The sympathy of the entire community is extended to the family.

### Flying High

The J. Philip Murphys of Piedmont flew up in their plane Friday and used the Truckee Airport for a very successful landing. They came up to view their new home in Squaw Valley which is nearing completion and will be ready for their winter activities as soon as the snow flies. Son Jay returned last week from competing in the President's Cup race at Washington where he piloted the huge hydro "Breathless" (which carries the colors of the Lake Tahoe Yacht Club) to a second place victory. His next and final race for the year will be on Lake Mead for the Sahara Cup.

### Move Into Lake House

The A. M. Andersons are quite thrilled this week with their move

## TNT Tidings by NANCY WATTS

The Girls' Athletic Association of TNT will sponsor our homecoming dance, autumn leaves. All students are encouraged to come and join the fun. The dance, on October 11, will start at 8 p.m. and end at 11. The homecoming game will be played with the Douglas Tigers.

Student body cards are still on sale at the main office every day at noon. The price of them is \$3. Hurry and buy now!

The annual staff has announced that this year's Chipmunks are being sold at the main office. They will be delivered in the spring. The price of the annual is \$4 with a student body card and \$4.50 without one.

G.A.A. archery has started for the first time at Tahoe-Truckee. Ninth and tenth grade girls will play at noon on every Tuesday. Junior and senior girls will play every Wednesday. This sport will take the place of G.A.A. hockey,

which we are unable to have because of the construction going on on the hockey field. There will be no competition between classes. This is just for fun!

The senior class had planned a car wash for last Sunday in Truckee, Kings Beach and Tahoe City. Not many seniors showed up to wash cars, so not much money was made. However, they wish to thank everyone who brought his car to be washed. The seniors are also selling pop corn at the home games to raise money for their class.

### ARRESTS UP

The California Highway Patrol made 601,447 arrests during the first seven months of 1958, reports the National Automobile Club. This represented a 16.54 increase over the arrests made during the same period of 1957.

into the lake house located just in back of their Village Store in Tahoe City. The Andersons have lived in an apartment over the store for many years and are quite excited about the move. Although the location of their home will be changed, you will still be greeted by the same cordial and smiling faces when you knock on their door. The front of their new home is almost all window and gives a magnificent view of the lake and surrounding mountains.

### Golf Tournament Held

The annual golf tournament between Tahoe City Golf Club and Grass Valley was held on the Tahoe City Golf Course a week ago with all the fun and spirit of competition that always accompanies it. The weather of course was ideal and so was the food following the day of golfing.

### Needed For Olympics

Any ladies interested in being Gray Ladies during the Olympic events be sure and contact Marie Henry local head of the American Red Cross. She has already received requests for women to help during the games and will be able to give you any details concerning same.

### Friends And Families Visiting

Mrs. Alcy Berg of Berkeley was a guest at the home of the N. R. Mayfields of Tahoe City recently and enjoyed a pleasant visit and lovely weather. A party was given by Mr. and Mrs. Albert K. Miller of Sunnyside in honor of their niece, Mrs. Thomas Jefferson Davis of San Francisco.

## RESOLUTION

WHEREAS, TAHOE-TRUCKEE UNIFIED SCHOOL DISTRICT, a Political Subdivision of the State of California, is the owner in fee of certain real property located in the County of Nevada, State of California; and

WHEREAS, the people of the State of California, acting by and through the Department of Public Works, Division of Highways, require a portion of the above mentioned property for State highway purposes;

WHEREAS, said State of California has presented a Grant Deed and Right of Way Contract, which Grant Deed and Right of Way Contract have been submitted and read to the Board of Trustees of the TAHOE-TRUCKEE UNIFIED SCHOOL DISTRICT, a Political Subdivision of the State of California, assembled in regular open meeting held on October 7, 1958, that in consideration of the sum of Twenty-three Thousand Nine Hundred Dollars (\$23,900.00), payable to the TAHOE-TRUCKEE UNIFIED SCHOOL DISTRICT, and other considerations contained in the aforementioned Contract, including the delivery of a Grant Deed conveying certain other lands to the TAHOE-TRUCKEE UNIFIED SCHOOL DISTRICT, it is the District's intention to execute said Grant Deed conveying to the State of California, for State highway purposes, the following described real property:

A portion of those certain parcels of land in the East 1/2 of Section 17, and in the West 1/2 of Section 16, T. 17 N., R. 16 E., M.D.B.M., described in those Deeds (1) dated May 23, 1950, recorded June 29, 1950, in Book 150, at Page 308; and (2) dated March 26, 1955, recorded July 21, 1955, in Book 211, at Page 68, Official Records of Nevada County.

Said portion is all that part of said parcels lying Southerly from the line described as follows:

BEGINNING at a point from which the 1/4 section corner common to Sections 17 and 18, said Township and Range, bears S. 79° 07' 59" W. 3,998.89 feet; said point is also distant 183.14 feet Northerly, measured at right angles from Engineer's Station "D" 193-31.98 of the base line of the Department of Public Works' Survey from 1.3 Miles West of the Junction of State Routes 37 and 38 to Near Boca, Road III-Nev-37, 38-D.A. (The California State Zone II of said point of beginning are X-2,503.152.30 and Y-608.661.20); THENCE, from said point of beginning, S. 85° 10' 00" E. 318.46 feet; thence N. 84° 48' 43" E. 410.67 feet; thence S. 82° 07' 58" E. 1,019.37 feet; thence S. 77° 55' 19" E. 605.12 feet to a point distant 142.00 feet Northerly, measured at right angles from Engineer's Station "D" 222-00.00 of said base line and Survey.

Said portion contains 59.88 acres, more or less, in addition to any part thereof now used or acknowledged as public way.

This conveyance is made for the purpose of a freeway and the grantor hereby releases and relinquishes to the grantee

## TRUCKEE BIBLE CHURCH

## (Non-denominational)

## Roy S. Rhoades, Pastor

The regular meeting of the Ladies' Bible Study each Tuesday is going to be held at the church home from now on to avoid any confusion in different meeting places.

We invite you to our Sunday school classes which begin at 10 a.m. each Lord's Day and morning worship at 11. Christian cinema will feature "Bible on the Table" at 7:30 p.m.

Keep in mind the date of October 22nd when Mr. Nate Scharff will speak in Truckee. He is a Jewish Christian business man of outstanding note as a speaker both nationally and internationally. Mr. Scharff has just recently returned from

any and all abutter's rights, including access rights, appurtenant to grantor's remaining property, in and to said freeway.

BE IT FURTHER RESOLVED that a public meeting of said Board of Trustees shall be held at the Tahoe-Truckee Union High School, Truckee, California, on October 21, 1958, at 8:00 o'clock P.M. of said day for a public hearing for the question of making the dedication.

BE IT FURTHER RESOLVED that the Secretary of said Board of Trustees is hereby empowered and directed to give notice of adoption of this resolution and of the time and place of holding the meeting by posting copies hereof in three (3) public places in the District, not less than ten (10) days before the date of the meeting, and by publishing the notice once, not less than five (5) days before the date of the meeting in the Sierra Sun, a newspaper of general circulation, published in said School District.

IN WITNESS WHEREOF, this Resolution is signed by the following members of the Board of Trustees, comprising at least a two-thirds majority thereof, this 7th day of October, 1958.

YOUR INFLUENCE AND SUPPORT WILL BE APPRECIATED.

**FAIR WARNING:** Kathy McHone of the California Brewers Association points to one of the large warning signs the Highway Department is posting along main arteries in the State. Additional smaller signs give advance notice of litter cans where thoughtful motorists can deposit trash from their autos. This is all part of California's concentrated attack on litterbugs.

## ENTERTAINMENT AT NEVADA LODGE IS SPIKED WITH MUSIC

Eddie Lawrence and Joni Wilson now headlining the entertainment program at the new Nevada Lodge at Crystal Bay, North Tahoe.

Entertainment continues to set a lively pace on Lake Tahoe's scenic north shore at the Nevada Lodge with a round-the-clock schedule of gaming and nightly shows.

Page Cavanaugh and his trio, plus the Eddie Lawrence and Joni Wilson quartet are the show headliners for the continuous entertainment every evening.

Nevada Lodge is open the year around with luxury hotel accommodations and an excellent coffee shop which is open 24 hours a day, serving food at reasonable prices.

Page Cavanaugh and his group specialize in good, relaxed listening music, interspersed with vocals and sparked by the original arrangements by Cavanaugh, leader and pianist.

Jimmy Bates is the brass man, Rod Lettwich is featured on the electric guitar and Dick Haney is the drummer. Cavanaugh organized his group in 1945 and they have played most of the big clubs and hotels throughout the country.

Eddie Lawrence and Joni Wilson combine their talents to organize their own show after playing in other entertainment groups for several years. Joni was at one time a starlet in Reno's Riverside Hotel

Israel and is intimately acquainted with the situation in the Far East. His knowledge and thinking should be of interest to those of all faiths.

Youth group, 4:30 p.m.

Bible study, 7 p.m.

In this age of big business, big government, and big labor unions we are inclined to forget the importance of the individual. We look around us and see the mass—mass production, mass communication, and mass movement. It would seem that unless the item or idea is big it is of little or no importance. Pastor Taylor will discuss this problem in Sunday's sermon entitled: "How Big Is One?"

BUILDS A BETTER COMMUNITY

## MISS DUANE POMIN WEDS AT CHARMING TAHOE CEREMONY

By Myrtle Carnell

TAHOE CITY — Duane Lovell Pomin, lovely daughter of Mr. and Mrs. Robert Pomin of Tahoe City, was wed to Gerald Joseph Perata of Squaw Valley on Saturday, October 4 at 1:30 at the Corpus Christi chapel in Tahoe City.

The church altar was decorated with baskets of stock and the family pews with bouquets of white stock. This was a perfect setting for the bride in her exquisite gown of white imported Swiss organdy flowing gently in tiers over a hoop petticoat, and completing the picture was her tiara with elbow-length veil. The bride's bouquet was trailing stephenotis centered with gardenias. The dresses of the maid of honor, Christine Becholdt, and the bridesmaids, Joanne Lambert of Tahoe City and Diane Kevin of Sacramento, were of a delicate aquamarine blue lace and taffeta set off by pretty white headpieces with short veils and bouquets of white carnations.

The junior bridesmaid, Danell Pomin, wore a pink nylon dress accented also with a white headpiece and a bouquet of carnations. The flower girl, six year old Dorothy Pomin, a sister of the bride, wore a pink nylon dress with white headpiece and carried a basket of white carnations which were carefully spread along the aisle to the altar. The ring bearer was six year old Lenny Perata, brother of the groom and the best man was Skip Sherman of Tahoe City. Ushers were James Swartzman of Tahoe City

and Eddie was formerly with Lawrence and Boyer.

This is a sparkling and original show, with lots of laughs and lots of music.

and Gene Porter of Squaw Valley. Pat Vanni played the lovely organ music.

The bride's mother, Mrs. Pomin, chose for the occasion a gray dress with black accessories, complemented by a white orchid corsage. The groom's mother, Mrs. Joseph Perata was wearing a dress of dusty rose set off with powder blue accessories and a white orchid corsage.

The impressive wedding was performed by Father Roswog and the bride was given in marriage by her father. The church was filled with many friends of the couple.

Mr. and Mrs. Joseph Perata came from Los Angeles with son, Lenny, for their son's wedding and spent several days getting acquainted with the new family and friends.

A reception followed the ceremony at Tahoe Inn and the bride and groom left for a week's honeymoon at Carmel.

Upon returning they will make their home in Squaw Valley where the groom has just completed their new home.

Hurricane winds and clouds usually extend up to 40 to 60 thousand feet, according to the "Navy's" "Hurricane Hunters."

California State Office

Public Law 85-736  
85th Congress, S. 3199  
August 23, 1958

AN ACT

72 Stat. 829.

To amend section 2324 of the Revised Statutes, as amended, to change the period for doing annual assessment work on unpatented mineral claims so that it will run from September 1 of one year to September 1 of the succeeding year, and to make

such change effective with respect to the assessment work year commencing in 1959.

Mining Claims. Assessment Work Year.

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled, That section 2324 of the Revised Statutes, as amended (30 U.S.C. 28), is amended by striking out "1st day of July" and inserting in lieu thereof "1st day of September".

SEC. 2. Notwithstanding the amendment made by the first section of this Act, the period commencing in 1957 for the performance of annual assessment work under section 2324 of the Revised Statutes, as amended, shall end at 12 o'clock meridian on the 1st day of July 1958, and the period commencing in 1958 for the performance of such annual assessment work shall commence at 12 o'clock meridian on the 1st day of July 1958, and shall continue to 12 o'clock meridian on September 1, 1959.

Approved August 23, 1958.

## TAHOE TRUCKEE SCHOOL NEWS

### KINGS BEACH SCHOOL

**KINDERGARTEN:** The kindergarten class has been busy this week collecting articles for their activity and play area. Children have brought toys and rugs, dishes and curtains for the playhouse.

Our class of 30 has lost two members. Debbie Anderson moved to Reno this week. Diana Finigan moved to Baltimore Maryland.

**FIRST:** The Sermeno children, John and Sylvia, moved to Sacramento. We have two new children

in our class, they are Betty Stacy, and Jeannie Albin.

Our chipmunk really likes it at school as he gets so many good things to eat.

**SECOND:** Our first student body meeting was called to order by the president, Harry McIntire, Tuesday. Election of officers was the main business of the meeting. The following children were nominated for the various offices: President, Larry Free, Sandra Snyder and Mike Knittel; vice president, Brad Thompson, Ricky Krips and Jimmy Hilgesen; secretary, Robert Axeson, Betty Christiansen and Carol Franklin; treasurer, Lee Hieck, Aceky Clother, and Peggy Cernusak; sergeant-at-arms, Greg Moore, David

id Reed, Mike Clark and Bill Bate; cheer leaders, Janet Signs, Madeline Kammerer, Marlea Draney, Lee Elliott, Karen Henry, Vickie Jones; song leaders, Marcia Simms, Lynn Stabin, Sharon Nyblom, Karen Henry, Carol Franklin and Danell Pomini.

Eldon D. Nelson, Crystal Bay officer, spoke to the assembly on safety.

Wednesday we had an arithmetic test on the addition facts we have studied. The following children received 100 percent: Cathy McIntire, Gregg Gunkel, Sandra Martin, Cindy Lee Malmgren, Tommy Barnum, Cindy Plunkett, Jennifer Hoffman, and David Summers.

The following children made perfect scores on the reading of the eight colors we studied: Steven Krips, Cindy Ehlers, Ardeth Hampton, Cindy Plunkett, Pat Cinani, Sandra Martin, Chris McDonald, Carole Salas, Ellen Dennis, Cindy Lee Malmgren, Lyle Draney, Debbie Jephson, Shelley Wilson, Tari Stevens, Cathy McIntire, Pat Plevel, Madelyn Mullis, Tommy Barnum, Linda Jephson, and Tony Combs.

**THIRD:** The first days of school for a class of 37 third graders were marked by our moving into the former kindergarten room and the arrival of new desks for our classroom.

Cheryl Beebe has left us. Her family moved to Indio. Mary Margaret Olinghouse is moving to Oklahoma next week.

Georgia Burris has been in the hospital in Reno. We hope she is feeling better and will be back with us shortly.

**SIXTH:** In social studies, we have been studying about Mexico. In our Mexican exhibit we have: a jacket made in Mexico, brought by Leta Laborde, a Mexican doll, pottery, a basket, and some money were brought by Linda Westberg, a sombrero was brought by Marie Wainscoat, a pin brought by Estelle Howell, more money brought by Dennis Clinton, a moraco brought by Carrie Payne and Robert Axelson. The Mexican corner was arranged by Estelle Howell and Janet Sines.

In our class club we elect officers every two weeks. Our past officers were: President, Robert Axelson; vice president, Donnie Decker; secretary, Penny Clarke and sergeant-at-arms, Art Waddell. The present officers are: President, Wendy Boatman; vice president, Bob Holley; secretary, Sharon Ny Blom; and sergeant-at-arms, Jon Hill.

In science we decided to bring animals to school. Donnie Decker brought his ground squirrel and Mr. Anderson brought his two ground squirrels. A box turtle was brought by Wayne Manderville and Roy Grice brought two crawdads.

Our science bulletin board was put up by Leta Laborde, Wayne Manderville, Marie Wainscoat and Donnie Bury.

Susan Graton and Hollis Shaw are our tether-ball champions in physical education.

### TRUCKEE ELEMENTARY

**KINDERGARTEN:** Jimmie Di-gesti has returned from his trip to Disneyland and has given us a fine report on what he saw.

Billy Fordham is in the hospital now. We hope he will soon be well.

**FIRST:** We have a rock collection in our room. Children who have contributed to our collection are Deborah Pratt, Katy Ingalls, Byron Johnstone, Marvonne Reichlin, Debra Ruhl, Mark Manly, Margaret McLane, Ilene Hunt and Larry Doble.

Kathy Goicoa brought in a cocoon for us to watch to see how it develops.

**SECOND:** Truckee second grade will start in their new state spellers this week.

LeRoy Christman brought a lovely coral specimen.

Team captains for the first semester are: George Francischini, Charles Anfield, Yvonne Johnson and Jeff Jellin.

**THIRD-FOURTH:** Those with perfect spelling scores were: Jack Melugin, Don Whiteneck, Cathy

## NEWS NOTES FROM TAHOE

by MYRTLE CARNELL

### Taking Advantage of Weather

All of our golfers in the area are sure taking advantage of the good weather. This past weekend they played host to their members from Truckee and the local golfers with a good day of golfing and a very enjoyable buffet dinner following at the clubhouse. The Carson City Golf Club was scheduled to play but there was some mixup in the dates so it has been set for some other time. Here's hoping that the weather holds and the golfers get in some more good local golfing.

### Vacationers Still Arriving

Many of our summer residents have returned this month to take advantage of our summer like weather. Entering at their Tahoe Tavern Heights home have been the George Harlowes of Oakland, their friends from Oakland, Ralph along with them are several of K. Davies of San Francisco has been vacationing at his lovely Rubicon Beach home.

### Field Trips

The Tahoe Lake school students have really been enjoying their nature studies with added enthusiasm. They have been taking field trips into the surrounding forest area and have been collecting leaves, branches, and other interesting things. They have been able to watch some of the birds and small forest creatures at work. They have also been studying the Indian tribes and have been collecting local data. Much of this will probably be used in conjunction with their

Braley, Sue Olano, Jill Wurst, Pam Horman, Linda Russell, and Karel Sauby. Those who missed only one word were: Nicky Kenyon, Kathy Braasch, and Marion Ayalla.

Bill Rose made an interesting report about his rock collection, and David Higgins made a report about logging.

**FOURTH:** In arithmetic "Out-standing" work was done by Mike Grayson, Beverly Holleman, Graig Mullis, Pat Merica, and Gail Englehart. As judged by their classmates, Blakely, Doolittle, Smith, Moore, King and Reynolds contributed classic art work.

Chris Foster brought an Indian flour grinding stone to class; this brings put to actual use by Terri Richards, Bruce King, Cheryl Rock-holm, and Jim Reynolds. Thanks to Eileen Olson we had plenty of pine nuts and acorns to grind. Izella Whitthack brought a fine example of eroded rock which showed how water and ice could break large rocks into dirt.

**SIXTH:** We were happy to welcome Darlene Case to our classroom Tuesday of this week.

We are having experiments in science and there was a clever exhibit made by Judy McGwinn, Glenda Stark and Marcia Leamon.

### TAHOE LAKE SCHOOL

**KINDERGARTEN:** Several children brought colorful leaves to school. David Thompson brought a collection of rocks.

A gray squirrel is making his home near our schoolroom. Billy Mover and Kathryn Mitchell brought pine nuts and places them near the home. We are glad Mr. Squirrel found them.

**FIRST:** Tahoe Lake first graders are working on October decorations for their room when they finish their work each day.

Nine more students have finished their first pre-primers. They are: Karla Meixner, John McCracken, Linda Corella, Sandy Poulsen, Dick Michener, Susie Westberg, Steve Ravmes, Matt Barrett, Peggy Hoff.

**SECOND:** We have been very interested this week in caterpillars. Denise Kimball and Andy Kehlet found several for us and are keeping fresh leaves in the big glass jar. On Tuesday we noticed that the caterpillars were not moving. They had made their cocoons.

We had a hula-hoop contest on Friday. Heide Henrikson won first place and Calvin Bechdolt, second. They were able to keep their hoops going the longest and were able to keep the hoop going from their necks to their knees without stopping.

**FOURTH:** The following fourth graders were chosen to serve on an executive council: Marty Spitsen, Lynn Harper, Paul Sullivan, John Carnell, and John Caulkett. The above council will take care of minor conduct matters in the classroom.

Darinda Stark was our first spell-down champ for the week. Paul Sullivan was our multiplication champ.

annual Halloween program, which the adults enjoy as much, if not more, than the children. The teachers are certainly to be congratulated on all the extra time and effort they put in on these projects.

### Firemen To Meet

The next regular meeting of the Tahoe City firemen will be held this Thursday, October 9 at the firehouse. We can certainly be proud of our local fire department. These men give very freely of their time and answer calls any and all times of the night. By the way I've already heard comments about the annual dance they hold on St. Patrick's Day in March—rather premature but shows the interest it's built.

### Friends Saddened

Tahoe friends were deeply saddened by the news of the death of Mrs. Henry Hunt Searls of San Francisco, which occurred while on a vacation trip to the Monterey peninsula. Survivors in the immediate family include husband, Dr. H. H. Searls, a son, Henry Hunt, Jr.,

of southern California and a grandson, Henry Hunt Searls, III. The family has been long time summer residents in the Carnelian Bay area.

### Visits Olympic Site

T. Sakata, director of the ski association of Japan and six times jumping champion as well as the distance record holder for many years, visited the site for the 1960 Winter Olympics at Squaw Valley Saturday. Showing Sakata around the grounds and accompanying to the top of K-22, site of the men's giant slalom, and an excellent bird's-eye view of the entire Olympic plant, were: Gordon Butterfield, press representative for the organizing committee, Joe Marillac, Jerry Wetzel and Wolfgang Lert of Ski Magazine. Sakata spent the early part of the day at Squaw, having lunch at Squaw Valley Lodge before returning to Reno where he had to catch a plane. Sakata was greatly impressed with all of the facilities, athletes housing and was especially enthused

about the excellent ski jumps.

**Turtle Goes On Honeymoon**  
Sound strange to you, well it really did happen, just ask Duane and Pete when they return from their honeymoon. Some of their friends tucked a large sized turtle, complete with streamers, and colors and words, into the luggage. According to Vi they are shopping now in San Francisco for a friend for Mr. Turtle.

### LAKE LEVEL

**TAHOE CITY**—With seven gates into the Truckee River partly open, the level of Lake Tahoe Monday was 6228.12 (provisional, subject to revision).

No precipitation has been recorded and the temperature ranged from a cool 36 degrees to a high of 71.

The eye of a hurricane averages about 14 miles in diameter, according to the Navy's "Hurricane Hunters."

## NORTH TAHOE

By JUDGE HARRY CHARRISON

## Weather

Indian summer has been keeping up with us this past week. Water skiing has been going in full swing as the lake has been like a pond.

## Leaves For Home

The L. Wayne McKenzie family left their home on the Truckee short cut for Alhambra, where they

will spend the winter. They are new subscribers of the Sierra Sun, as they wanted to keep up on the doings of the lake.

## Congratulations

Congratulations to our friend, Jeanette Mitchell, upon the occasion of her unexpected marriage. May the years be long and happy for Jeanette and her hubby, Aubrey Smith.

## Europe Bound

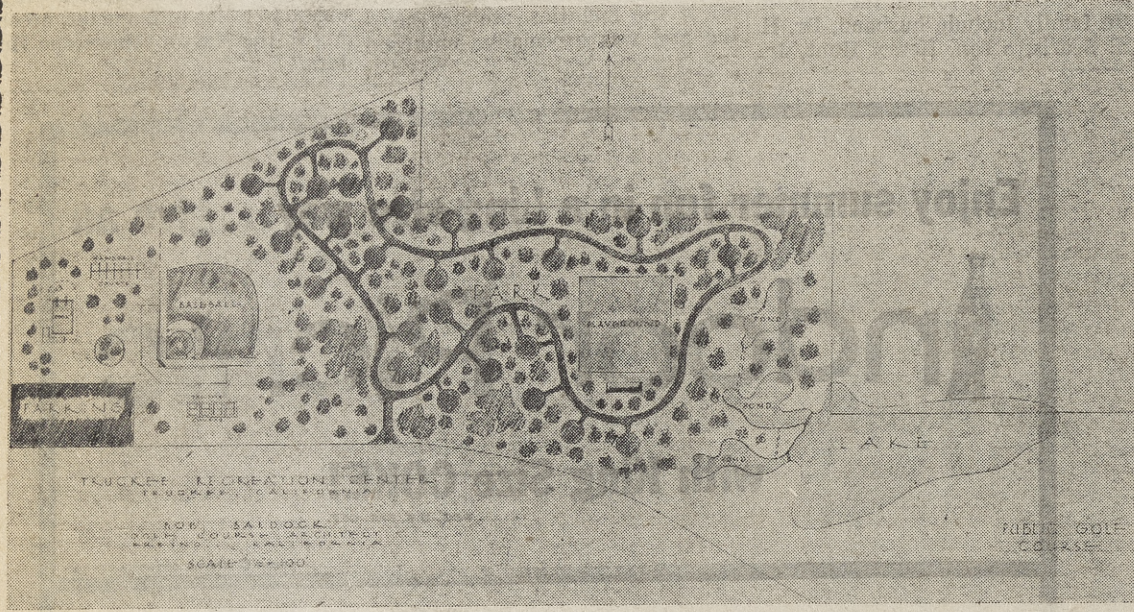

Mrs. Templeton of the Buckhorn Inn flew east to meet her father

who will join her in a flight to Europe where they will tour most of the European countries. Returning home they will fly over the North Pole. Charles Templeton says he is going to stay home and baby sit.

## Under The Weather

Suzie Sorensen McMillen was reported to be quite sick in her Pasadena home. Andy and Alice Sorensen climbed in their new car to be with her and take care of young Gregory. Last report is that she is

## Recreational Project Proposal

Artist's conception of an 81-acre Truckee recreation center to embrace a golf course, tennis courts, swimming pool, baseball diamond and other facilities to provide a complete playground. An artificial lake is included in the plan now under consideration by your Truckee Public Utility District.

The architect's drawing of a complete 9-hole golf course, one of the features proposed to be inaugurated in Truckee's Recreation Center. The Truckee Public Utility District is seeking public opinion on whether a small tax shall be imposed to provide for this much desired center.

Truckee is located in the heart of one of the nation's finest vacationlands, yet the facilities we have to offer the vacationing public are limited, to good hunting grounds, abundant fishing streams, fine skiing slopes, etc.

Recognizing a real need in the field of recreation, for additional facilities, to serve our own citizens as well as the vacationing public, the Board of Directors of your Truckee Public Utility District with the help and advice of the Truckee Chamber of Commerce recreation committee (about a year ago) set aside 81 acres of District land, for recreation purposes. This acreage is located on the Brockway short cut, just east of the dump and adjoining the the proposed Airport site.

Since that time, your recreation committee and the Board of Directors have worked together on plans for a park for our town. With the help of a specialist in the field of recreation and an architect, the above pictured plans have been given approval by the Board. The plans include, a baseball diamond, heated swimming pool, general play area, tennis and handball courts, picnic grounds and a nine-hole golf course, also included is a community clubhouse for indoor activities.

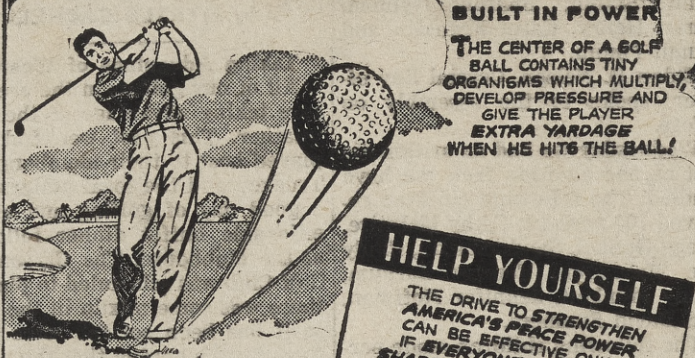

The big problem of financing such an ambitious plan has been studied at length. After exploring all of the possibilities and wanting to take advantage of the fact that there is an abundance of heavy construction equipment in the area at this time, that may be used on a donated basis, the Board of Directors is proposing a 25c a hundred special tax on all property owners in the District, to cover a five year period or until the entire development is completed. An example is for a taxpayer whose assessed valuation is \$2,000.00, it would cost the taxpayer \$5.00 per year. Since the assessed valuation of the District is nearly four million dollars, this tax would yield approximately \$20,000.00 a year. It is estimated the total cost of such a development will be \$100,000.00 excluding the value of the land, which is now District property.

There is little doubt that such a development will be of great value to our community, therefore the Board of Directors are asking you the taxpaying citizens of the community to express your pleasure or displeasure on the above outlined plans, by informing the Directors of the District either in person or by letter.

## Truckee Public Utility District

A Tax-Saving, Public Service Enterprise

## THAT'S A FACT

## BOTTLED LURE

FRENCH FISHERMEN PLY THE FIRST CATCH OF THE SEASON WITH WINE, AND TOSS IT BACK THE THEORY IS THAT OTHER FISH—REALIZING THAT THE WINE'S FOR FREE, WILL RISE TO THE SURFACE, BEGGING TO BE CAUGHT!

## HELP YOURSELF

THE DRIVE TO STRENGTHEN AMERICA'S PEACE POWER CAN BE EFFECTIVE ONLY IF EVERYONE DOES HIS SHARE! INVESTING REGULARLY IN U.S. SAVINGS BONDS... YOU HELP YOURSELF!

## TO THE POINT

THE U.S. SAVINGS BONDS PROGRAM CONTRIBUTES DIRECTLY TO OUR NATION'S ABILITY TO STRENGTHEN ITS PEACE POWER. WITH EVERY DOLLAR YOU INVEST IN SAVINGS BONDS, YOU MAKE A DIRECT INVESTMENT IN YOUR COUNTRY.

improving. This may bring them back sooner than expected.

## Cute

Saw our little friend, Karen Mason, 19 months old daughter of George and Mrs. Mason of Crystal Bay. She is one of the sweetest little girls in the neighborhood and is just full of sunshine.

## Mexico

Eugene Jarvis, accompanied by Ray Riley, is taking a trip by boat into Mexican waters and will most likely be gone all winter. Two 'salty' old seamen—or at least they should be by the time they return. Good luck to them both.

## Short Cut

Went over the Truckee short cut a few days ago. It looks as though our dreams are coming true—looks as though it's going to be a three-lane highway and a very well built road, which is nearing completion.

## Watch For Ads

Yes, see the ads for the new Nevada Lodge at Crystal Bay—also the Supper Club in Reno where Cliff Lightner is now in business.

## Teen-Agers

Have recently had many teenagers stopping in, especially those who are new-comers to the area inquiring as to recreational activity on weekends. A good thing would be in the area to have a roller skating rink where they could also dance. Let's all try to work on something for the younger people.

## Birthday Party

What a wonderful birthday party was given for Harvey A. Klitzke, III, to celebrate his 10th birthday. His mother, Flo Klitzke, invited fifteen of his friends to come last Saturday. She took them all out to Sandy Harbor Beach for the party. His dad went over in his beautiful speed boat and took all the boys for a ride, after which he barbecued hamburgers for them. His mother had a lovely table with potato salad and all the trimmings. They enjoyed the big birthday cake and arrived home a tired but very happy gang. Those attending were: Mike Plevel, Steve Felte, Darrell Cernusak, David Hughes, Andy Thompson, Howard Price, Bruce Templeton and his grandmother, Mrs. Estelle Klitzke. Many happy birthdays to you, Harvey.

## Fellions Of North Tahoe

Nomination of officers of the Fellions was held at the Pine Pantry in Kings Beach on September 30. The following officers were elected: President, Mary Lou Waddell; vice president, Elsa Culbertson; secretary, Lois Brown; treasurer, Connie Morrell. Board members, Rosemary English and Louise Morrish. Alternate, Rena Stumbo. Installation of the Fellions will be held on October 14th at the Nevada Lodge at Crystal Bay with the North Tahoe Lions present.

## Wells Fargo 'Charlie'

Charlie and Mrs. Warren of Sac-

ramento have been spending their vacations at the Laverys for many years. Charlie retired two years ago from the sheriff's department in Sacramento. They now claim Lake Tahoe as their second home. Charlie is a great boy—if you haven't met him—you should. He will out-ride you and out-shoot you everytime, so take it easy. Some years ago he was a stage coach driver for Wells Fargo in Amador County. I hear that he is now in line to take over Dale Robertson's job of Wells Fargo fame on TV. Isn't that right, Charlie??

## Accident

Young Kenny Bailey, son of Mr. and Mrs. Walt Bailey, cut his hand on a broken bottle Sunday night, which necessitated having 11 stitches by Dr. Sklar.

Taking a little time for a change after a busy season are Mr. and Mrs. Charles L. Sherman and son of Tahoe City who went to Lodi and Mr. and Mrs. Malin Petz of Kings Beach, making a recent trip to Vernalis.

## NOTICE BY THE COUNTY CLERK OF THE TIME AND PLACE OF THE GENERAL ELECTION, PRECINCTS, AND ELECTION OFFICIALS

(Section 669 of the Elections Code) NOTICE IS HEREBY GIVEN THAT the General Election will be held on November 4th, in the County of Nevada, and the polls will be open from the hour of 7 o'clock A.M. until the hour of 7 o'clock P.M. on the Day thereof, and during those hours the election will be held at the polling places hereinafter designated, in each precinct in the County of Nevada, and the following are the duly appointed Election Officials for each of the designated precincts in the FIFTH Supervisorial District of the County of Nevada:

**AWARD IS MADE FOR SAFE HUNTING PLAN**

SACRAMENTO—(CNS)—The state department of fish and game reported it has received a first place award from the International Association of Game, Fish and Conservation Commissioners for its "outstanding hunter safety training program."  
The association met in Philadelphia recently.  
By the end of August, 111,000 youngsters had received specialized hunter training, the department said. The total was exceeded only by the state of New York, which has had the program two years longer than California.  
Hunter safety training has been credited with helping to reduce the hunting casualties from 132 in 1955 to 79 by 1957. Its effects have been noticeable among adults as well as youngsters.  
The hunter safety program was approved by the legislature in 1953 in a bill authored by Assemblywoman Pauline Davis of Portola, then in her first term in the legislature. It requires completion of a course in safe handling of firearms as a condition for obtaining a hunting license for persons under 16.  
The department set up the hunter safety training program in its conservation education section and has attributed a big part of the program's success to the work of some 2,800 volunteer instructors throughout the state.

In Truckee, the hunter safety program was conducted by Bud Owens, Emery Lander, Roger Johns and Erwin Single.  
**NEW TRIAL GRANTED IN TELEPHONE CASE**  
NEVADA CITY—Nevada Superior Court Judge Vernon Stoll granted a motion for a new trial in the cable-cutting case in which a Nevada County jury found for the defendants in an action brought by the Pacific Telephone and Telegraph Co.  
Judge Stoll's ruling sets aside the jury's unanimous verdict of July 24 against the telephone company in its complaint to collect \$6312 from E. M. Clark, the Lincoln Gold Dredging Co., Soda Springs Ski Corp., and M. M. Hogle.  
The suit arose from the alleged cutting of two coast-to-coast coaxial cables belonging to the telephone firm about three years ago in the Donner ski area. The P. T. and T. charged the defendants with negligence in the operation of a tractor in their behalf.  
The defendants were also charged with trespass in moving the tractor on telephone company right-of-way.

**FUEL POWER**  
At 40 miles per hour, one gallon of motor fuel today will move one ton of the average car on the road nearly 44 miles, according to the National Automobile Club. This compares with 25 miles in 1930.

**HENRIK BULL**, a representative of the property owners association, presented the planning commission with a proposed ordinance drawn at the request of the association.  
He said the ordinance probably is more restrictive than the county ordinance, particularly where signboards are involved.  
The planning commission asked the board of supervisors to appear at the October 17th hearing, to assist in clarifying road problems.

**TIME ADVANCED FOR SQUAW ZONE PLAN**  
AUBURN—The Placer County Planning Commission has continued until October 17 a hearing on a proposed master zoning ordinance affecting Squaw Valley, site of the 1960 Winter Olympics.  
The commission heard protests against the ordinance by Mrs. Wayne Poulsen, Assemblyman Francis Lindsay of Loomis, Placer County, and the Squaw Valley Property Owners Association.  
Mrs. Poulsen said the proposed boundaries of the meadow area in the valley would block plans by her and her husband for a ski lift. She also objected to the opening of a public road across the Poulsen property.  
Lindsay called for county-wide hearings on the ordinance which he said will apply not only to Squaw Valley but to the entire county. The assemblyman said he was appearing as a representative of the Roseville Development Corporation, a private subdivider and as president of a corporation which hopes to develop land near Forest Hill.  
Henrik Bull, a representative of the property owners association, presented the planning commission with a proposed ordinance drawn at the request of the association.  
He said the ordinance probably is more restrictive than the county ordinance, particularly where signboards are involved.  
The planning commission asked the board of supervisors to appear at the October 17th hearing, to assist in clarifying road problems.

**DURRANCE INSPECTS SITE FOR OLYMPICS**

SQUAW VALLEY — Dick Durrance, selected by the organizing committee and the national ski association as chief of race for 1959's North American Ski championships and 1960's Olympic Winter Games was a recent Squaw Valley visitor, his second trip in a month to the high Sierra Olympic site on an inspection tour of the alpine courses and jumps.

During his visit Durrance inspected every detail of the complex system of downhill, giant slalom and slalom courses and jumping hills that have been under construction for over two years. Assisting Durrance in his scrutiny of the technical disciplines being prepared for the world's best skiers was Olympic Games ski events director, Willy Schaeffler.  
Durrance, considered one of the greatest competitive skiers ever developed in the United States, is also an internationally famed motion picture photographer.  
Durrance was the recipient of the best sports film of the year award at the Cortina Film Festival in 1957 and was winner of the National Scholastic Teach Film Award for his documentary treatment of Austria.

A ski competitor for many years, Durrance represented the United States on the Olympic teams of 1936 and 1940. He also was a member of the International American team that traveled to Australia and New Zealand and he captured the National Alpine Ski championships of both those countries. Durrance is the only skier to win Sun Valley, Idaho's coveted Harriman cup three times and has held 17 separate national ski championships.  
Durrance is married to the former Megs Jennings and they have two sons, Richard, 18 and David, 13.

**HUNTER SHOTS SELF AFTER LOCAL HUNT**

Ellis Good, 31-year-old Mountain View resident, had good luck on his hunting trip to Truckee during the opening weekend, but ran into trouble when he reached Vallejo, more than 50 miles from his home.  
Good stopped his car to readjust a rifle which he had in the seat of his station wagon and the weapon discharged, sending a bullet crashing into his thigh. He continued on home, despite the wound but was unable to get out of his car. He sounded the horn, threw cans of food against the garage door but at 5 a.m. was unable to arouse Mrs.

### CAR LOOTED WHILE PARKED AT HOME

Luther Harp of Floriston reported to the sheriff's department here that someone broke into the glove compartment of his car parked in front of his house Saturday night and stole a portable radio. He also told the officers sand had been put in the gasoline tank. The car was the property of visitors, Mr. and Mrs. Merle Oatman of Glendora.

### STEAK DINNER HELD TO HONOR TAHOANS

TAHOMA—A gala steak dinner party to commemorate a dual event was given for Mr. and Mrs. Bill Haste of Tahoma on October 1 by Slim Laborde and Ray Plunkett in the Crystal Bay Club.

The occasion was the wedding anniversary of the Hastes and the birthday of Fannie Haste. Two beautifully decorated cakes, topped with "Happy Birthday, Fannie," sugar birds and silver leaves were cut by the honorees.

Gifts, cards and other congratulatory messages made the event a truly happy one.

#### GUESTS AT CONCERT

Mr. and Mrs. Victor McLane were guests on October 6 at Reno of the Reno Community Concert Association which will open its season on November 17 to present a series of concerts.

#### CARD OF THANKS

To the staff at the Tahoe Forest Hospital and to the many friends who sent cards, flowers and plants during my illness, I take this means of expressing my most sincere thanks.

Mrs. Edith Pfandler.

#### CARD OF THANKS

We want to take this means of expressing our sincere thanks to members of the sheriff's department, the forest service and others who were so cooperative in the search for our son, Jimmy. Your efforts are deeply appreciated.

Mr. and Mrs. R. I. Moore

### LINDSAYS GROUP

Continued from Page 1

Continued operation will provide the maximum return to the area surrounding Squaw Valley as is humanly possible.

Funds in excess of \$10,000,000 have been appropriated by the State of California and the federal government for the development of the facilities in Squaw Valley. Due to the comparatively short building season in the area, work has been progressing at a rapid rate on structures and facilities.

"Reports have come to the committee," Lindsay stated, "that the division of beaches and parks has not to this date given too much attention to the duties they will inherit immediately upon conclusion of the games. By the terms of the act which made the games possible it will be the responsibility for the division of beaches and parks immediately upon conclusion of the games to administer the facilities. It is my intention to see that the full committee on conservation, planning and public works, under whose legislative jurisdiction this project falls, is fully informed of the plans of the division of beaches and parks and the Olympics Commission and the Olympic Games Committee.

"I assure everyone in the area directly involved by the location of the games at Squaw Valley," Lindsay concluded, "that I will do everything in my power to see that the Olympic Games are staged in a manner to bring credit to Nevada, Placer and El Dorado Counties, California and the United States. I further intend to see that the facilities are thereafter administered in a manner that will be most beneficial to the people of the Truckee-Lake Tahoe area."

#### NAME SURVEYOR

Carlos T. McGuire of Grass Valley was named county surveyor to succeed the late Joseph F. O'Connor by the board of supervisors at the October 1 meeting. Another appointment must be made for the period starting January 5, 1959.

### BREHLER ATTENDS LAS VEGAS MEET TO IMPROVE ATHLETICS

Meeting in Las Vegas last weekend, the Nevada Interscholastic League took some major steps towards improving and equalizing athletic competition within the league. The most drastic move appears to be the elimination of the state basketball tournament and all state football play-off games. The actions came about mainly because of the tremendous differences found in enrollments of the schools within the league.

Tahoe-Truckee High School, which was represented at the meeting by Jim Brehler, is one of three California schools (Coleville and South Tahoe being the other two) belonging to the Northern Nevada Conference of the N.I.L. The Wolverines competed in what may have been the final state basketball tournament last year, losing to Las Vegas in the semi-final round of play.

Under the newly adopted plan, Tahoe-Truckee will still be placed in the "A" Division of the Northern Conference along with Douglas, Stewart, Winnemucca, Lovelock, South Tahoe, and Yerington for basketball competition this year and for football in 1959. Track will follow along the same lines, while the baseball situation is still unsettled.

The "AA" Division schools, under the new ruling, will be Carson City, Elko, Fallon, Manogue, Hawthorne, Sparks and Reno in basketball, with Reno moving into the "AAA" Division along with Las Vegas and Rancho for football competition only.

It is now up to the various conferences to determine what championships they wish to recognize, and it seems likely that the Northern Nevada Conferences will decide along these lines: (1) Conference champions, based on regular season conference play, in football for the "A," "AA," and "B" Divisions. The "B" school in the N.N.C. are Coleville, Dayton, Fernley, Gerlach, Smith Valley and Virginia City with Gabbs and Tonopah added to the list for conference tournament play. (2) Conference champions based on regular season conference play, and conference tournament champions in basketball for the "A," "AA" and "B" Divisions.

The Northern Nevada Conference is scheduled to meet in the near future to consider the new state changes and will likely come up with a plan whereby the various basketball tournaments for each of the three divisions will be held in different cities each year, thereby providing for a greater number of people to see a tournament. In the past the conference, or zone tournament as it has been called, for all the northern schools has been held at the University of Nevada. The new alignment will place more importance on regular season play as well as giving the smaller schools much greater opportunity to win either a conference or tournament championship and is being highly endorsed by local school officials.

#### Golf At Arcata—

Mr. and Mrs. David Rose played golf at Arcata this week.

#### Visit Patient—

Mr. and Mrs. Robert Bowers of Reno visited Mr. and Mrs. Al Pfandler on Sunday. The latter returned to her home from the hospital.

#### TWO KILLED

Continued from Page 1

Both were from San Francisco and were going east. Wilson was cited for excessive speed.

#### Three-Car Crash

Three people were hospitalized Friday at 5:15 p.m. after a three-car rear-end collision a mile east of Truckee. Cars driven by Hugh Knittel, Hamilton Air Force Base and Vincent J. Barkley, Truckee, stopped for a flagman but a third car, operated by Joseph Schuler of Truckee hit the rear of the Barkley car, ramming it into the rear of the Knittel machine.

Injured and taken to the Tahoe Forest Hospital were Barkley and Schuler and Mrs. Vida Schuler. A crest of a hill obscured the stopped vehicles and no citations were issued.

#### Rear-End Collision

A second rear-end crash two miles west of Kingvale at 2:30 p.m. Saturday sent Amanda Larson, 64, Long Beach and Mary Chiotti, 62, Palo Alto, to the hospital for treatment. They were hurt when a car driven by James Chiotti stopped in a line of traffic and was hit in the rear by Mrs. Larson's vehicle. No citation was issued.

#### Three Injured

Three more people were hurt Saturday at 9:50 p.m. when a car driven by James Sanderson, 54, San Francisco, collided head-on half a mile west of Truckee with one operated by William Luffy, 18, Tahoe City. Sanderson, Luffy and Howard Collett, 45, were hospitalized. Sanderson was cited for speeding after his car got out of control and crashed the Luffy vehicle.

#### Tire Blows Out

When a front tire on a car driven by Luther Walker, 21, Pittsburg, Calif., blew out Sunday at 1:45 a.m. six miles east of Truckee, Don Walker, 23, and Billie Burch, 23, Walnut Grove, were injured and taken to the hospital when the vehicle was wrecked.

### Kenny-Sponsored Doctor Devises New Operation for Parkinsonism

Minneapolis, Minn.—New hope for thousands of persons suffering from Parkinson's disease—shaking palsy—is resulting from pioneering work being done by a broad-shouldered, blonde scientist who carries on his activities between St. Barnabas hospital and New York University-Bellevue Medical center in New York City.

He soon will direct a new institute of neuromuscular disorders being established at the university under the sponsorship of the Sister Elizabeth Kenny foundation which has turned increasing attention to research into Parkinsonism and related conditions over the past five years.

The foundation has been supporting the work of the internationally-known neurosurgeon, Dr. Irving S. Cooper, for several years.

The miraculous new operation which he developed, in reality, divides itself into two categories, chemopallidectomy and chemothalamectomy. The operative procedure is directed at nerve centers deep in the brain, known as the globus pallidus and the thalamus, which play a role in the production of shaking, rigidity and deforming conditions in patients.

The operation, by means of a special apparatus, aims a tiny tube into these centers, with x-rays guiding the placement. At a later stage in the operation, a special-type alcohol is injected through the tube. This serves to destroy the cells which are responsible for tremor or rigidity. Hundreds of such operations have been performed successfully on carefully-selected patients with brilliant results.

Dr. Cooper for two years running has been awarded the bronze medal of the American Medical association for excellence depicting his work. In 1957, the award was made for his work with Parkinson's disease. The 1958 award went to him for his work with dystonia.

Stemming from the early breakthrough into this field, the Kenny foundation and its subsidiary, the American Rehabilitation foundation, have encouraged and are supporting far-reaching and promising research programs directed at the relief of uncontrollable movements such as those which occur in cerebral palsy. This work is being done in various medical research centers, including the University of Minnesota, University of Buffalo and the Montreal Neurological Institute.

### DEBATE TO FEATURE TRUCKEE PTA MEET

Routine business occupied the members of the Truckee Lions at the meeting at Donner Lake Lodge last night. In the absence of the president, Frank Fox, H. H. Thompson presided.

A three-layer birthday cake was cut in observance of Thompson's natal day.

A debate, "Should We Abolish the PTA?" will be the feature attraction at the October meeting of the Truckee Elementary PTA Monday, October 15 at 8 p.m. at the Truckee elementary school.

Mrs. Ray Hintz will be the negative speaker and Roy W. Saarni will head the affirmative side, arguing that the PTA should be abolished. Each speaker will be given three minutes and Mrs. Hintz will be allowed two minutes for rebuttal. Lee Apple will mediate the debate.

The new first prize room count banner, an original creation by Mrs. Elgin Johnson, will be for the second time awarded to the room having the most parents in attendance. It was won by Mrs. Roth's third-fourth grade last month and Mrs. Roth reports her pupils are not anxious to relinquish it. Mrs. Roy Saarni, president, reminds the parents that all fathers attending PTA meetings will count double in the room count.

Mrs. Calvin Farley, membership chairman, announced that October is the month for membership drive. A table will be set up in the hall where both old and new members may sign up. Anyone interested in the future of children is entitled to become a member. The dues are just 50 cents for the year.

The sixth grade mothers will be hostesses for the occasion, it was announced by Mrs. Frank Snyder and Mrs. Dan Horman, hospitality chairmen.

### FISH, GAME MEN ARE SPEAKERS AT ROTARY

George Wurst of the game management division of the department of fish and game, assisted by Game Warden Erwin Single, gave an interesting and informative talk on what his department is doing to improve the deer herds in the state. John Ciardella, the program chairman, introduced the speakers.

Charles Osburn gave a report on the successful buck stew sponsored by the Truckee Outdoor Sportsmen recently and John Richards gave a brief resume of his life and how he settled in Truckee.

Carroll Maynard presided at the meeting held at Donner Lake Lodge.

### SON OF TAHOE WOMAN GRADUATES IN ARMY

FORT CAMPBELL, Ky. (AHTNC)—Army Pvt. Billie L. Burger, son of Fred O. Burger, 4202 W. Wood road, Oxnard, Calif., recently was graduated from the 101st Airborne Division's Jump School at Fort Campbell, Ky.

Burger received his parachutist wings after completing the two-week course which included five training jumps.

Burger entered the army last March and completed basic training at Fort Ord, Calif.

The 18-year-old soldier, whose mother, Mrs. Jeanette Hoe, lives in Tahoe City, formerly worked for the Davis Ranch Co., in Oxnard. He attended Sparks High School.

#### GIRL SCOUTS

The regular Truckee Neighborhood Girl Scout meeting of adults will be held Tuesday, October 14 at 7:30 p.m. at the high school.

USE YOUR ASH TRAY

### WATER COMPANY AT LAKE INCORPORATES

SACRAMENTO (CNS)—Secretary of State Frank M. Jordan announced the Quail Lake Water Company, a Placer County public utility selling water, has filed articles of incorporation with his office, to be capitalized at \$75,000 in \$100 par shares.

The company listed its directors as E. N. Kettenhofen, 1005 A street, San Rafael; Raymond G. Kettenhofen, Chambers Lodge, Lake Tahoe; and Robert R. Barton, 54 Eureka, Berkeley.

#### SHOP IN LOCAL STORES

### Son Defends Father

TAHOE CITY—Superior Judge C. C. McDonald of Woodland was defended in Davis court this week by his son, Douglas McDonald, Sacramento attorney, following the citation of Judge McDonald on June 27 by a Davis police officer, who charged him with driving 45 miles an hour in a 25-mile an hour zone.

The family is well known at Lake Tahoe where they for many years spent their summers.

#### Hunters in Nevada—

Mr. and Mrs. Kenneth Hedlund and Mr. and Mrs. Jack Ellis were recent hunters in Nevada.
